GRADUATE SELF-SUFFICIENCY PROGRAM

“Will, a single father and recent Family Promise Main Line graduate, demonstrated perseverance when he joined the emergency shelter program. Initially feeling it was too late for him, he now, at 39, feels he's finally making progress in his life. Encouraged by his Family Promise case manager, Will enrolled in Manna on Main Street's Common Grounds Training Program and successfully completed the nine-week course. His new skills have enabled him to support his family, find a permanent home, and assist others facing similar challenges.”
